

ROAD RUNNERS

President's 2020 Year in Review

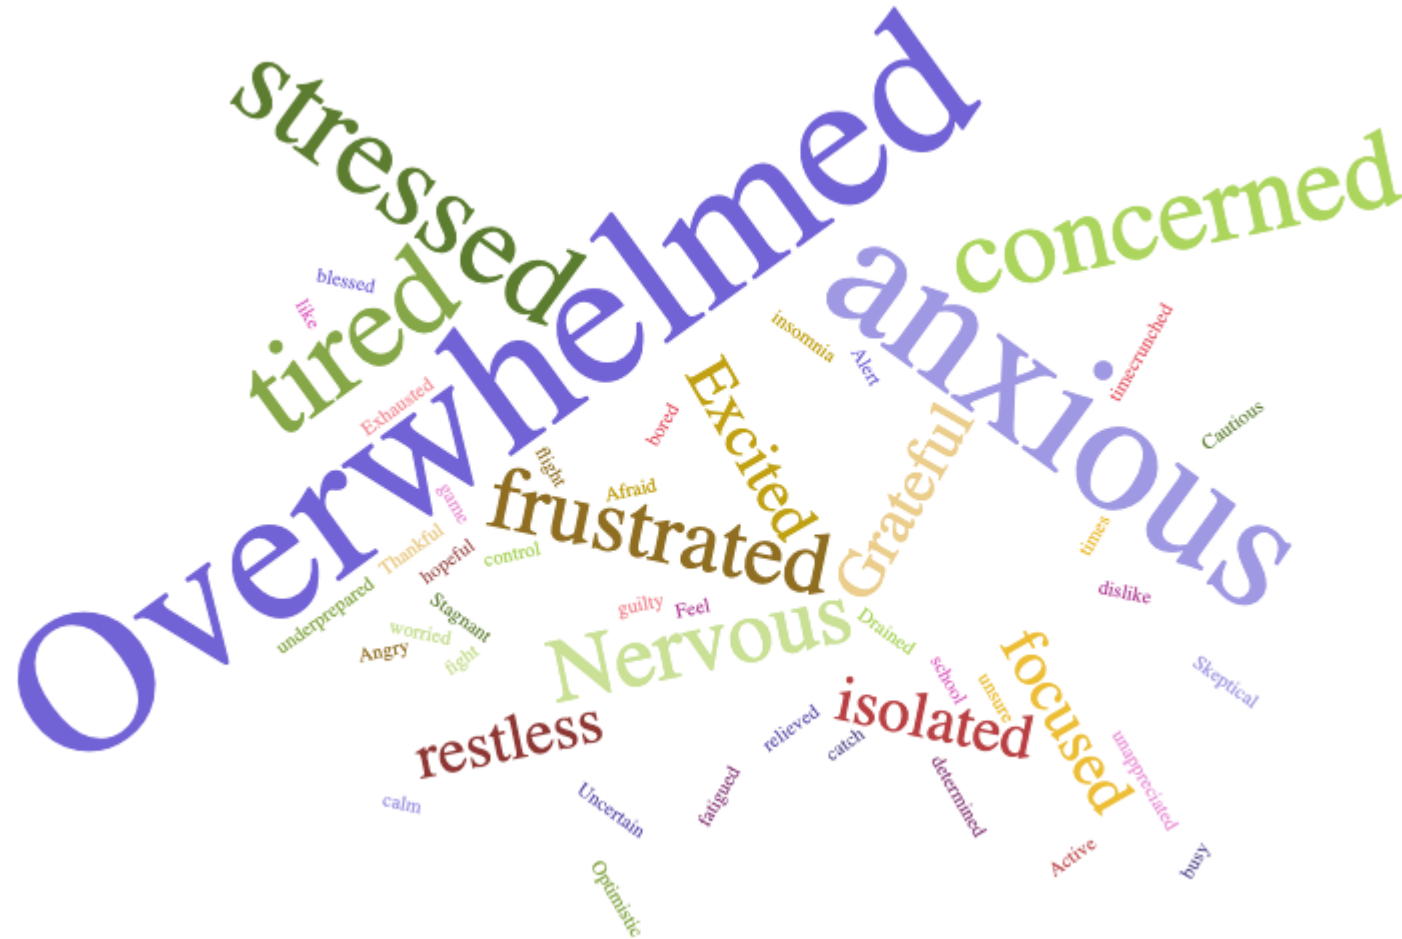

2020

started pretty normal for CRR

- We celebrated New Year's with our traditional Brrrunch run on New Year's Day
- We ran our first two Boston Marathon training runs
- We held our Annual Banquet to celebrate 2019 achievements
- We ran our first two Grand Prix Races (The Frozen Pilgrim and OFTM)
- We hosted the 39th running of the Paddy Kelly 5 mile Road Race

and then the proverbial S__T hit the fan and we found ourselves in the midst of a pandemic

2020

Getting Cancelled

- The Boston Marathon gets rescheduled for the Fall and then the marathon is officially canceled for 2020
- We cancelled our remaining Boston Marathon training runs
- We cancelled the Blue Hills Trail Races
- We cancelled Christopher's Run
- We cancelled the Kids Summer Track Series
- We cancelled the remaining Grand Prix competition

Things were not looking good for the running community

2020

Giving Back and Virtual Races

- We donated \$8,500 to the Old Colony YMCA to help residents within the communities we run
- We virtualized several CRR events including the Spring Beginner's Running Program, the Summer Track Series and the Summer Fun Run Series
- We created a new virtual July 4th – 4 Miler event
- We created and supported a local Boston Marathon virtual race for CRR members
- Our Frosty Half Marathon went virtual with a Frosty On My Own (FOMO) theme with some wicked cool shirts

We needed to get creative to ensure our membership stayed engaged

2020

Building Excitement for 2021

- Conducted an in-person Beginner's Running Program concluding with a timed 5k on Halloween
- Created a Mentor/Mentee program to support and encourage runners of all abilities
- Extended all CRR Memberships through 12/31/2021
- Offered a 50% off clothing sale to brighten the holidays
- Introduced a new CRR Logo that represents our members, 4 decades of existence and the roads we run around the globe
- Selected Rockland Athletic Supply as our future clothing supplier
- Added a new award to recognize all the miles you run including In-person, Virtual or Training runs.

We will run again 'IN-PERSON' soon!

Presidential Award

John Donahue

John received this award for his outstanding work in converting CRR's Frosty ½ Marathon from an in-person race to a virtual race.

Right from the beginning this was all about keeping past and future Frosty runners engaged. John decided early on that the race should be free to attract as many participants as possible. He also wanted to offer some memorable SWAG (for purchase) which became the Frosty On My Own (FOMO) long sleeved shirt featuring creative artwork to commemorate the event.

John had to rework the RunSignUp registration process, create new waivers and figure out how participants could post their results.

FOMO was a huge success with 340 registered runners of which 210 purchased the FOMO shirt.

This Concludes Our
2020
